Runners were immediately dispatched to St. Johns county to search.

NEW YORK, Oct. 26.—A reward of one thousand dollars for information of the whereabouts of the lost balloon "America Second" and its pilots Allan R. Hawley and Augustus Post, was offered yesterday by the Aero Club.

In the opinion of R. H. Johnston, who has accompanied Post on several trips, the aviators are safe. He declared that Post is a natural woodsman. LEG WAS BROKEN IN FALL THROUGH CHUTE

H. W. Sylvester of 121 East Washington avenue, fell through a hay chute in his barn last night, and fractured his left leg above the knee. He managed to make his way to the sidewalk on Bush street, and his cries for help soon brought assistance.

Mr. Sylvester had gone to bed when he remembered that he had forgotten to feed one of his horses. Arising, he went to the barn loft without a lantern. The light coming up the chute appeared to him to be light from a window, and accidentally he stepped into the chute. He fell through to the manger, and there found that his leg was broken. He got out of the manger and crawled to the sidewalk. His movements caused laceration and bruising, and made the wound more serious. His physicians believe he will be confined to his bed for six weeks at least.

POLICE HEAD WAS RUFFLED

Chief Seymour Insisted That Subpoenas in Times Case Must be Shown Him

Rumor That Three Suspects Are Arrested in Mexico is Not Credited

SAN FRANCISCO, Oct. 26.—Chief of Police Seymour and Attorney Earl Rogers, in charge of the Times disaster investigation for the Merchants & Manufacturers' Association of Los Angeles, held a long conference at Chief Seymour's office immediately upon Rogers' arrival this morning. After a two hours session both men refused to tell the object of the meeting. Rogers later conferred with Los Angeles detectives working on the case here.

It is believed Rogers appealed to Seymour to go Los Angeles immediately and make a personal investigation at that end of the dynamiting case. Seymour had before been asked to make the trip, but refused to abandon his duties here, believing he could aid the investigators sufficiently at this end. Rogers admitted that he came north to serve subpoenas summoning witnesses to appear before the Los Angeles grand jury. He declined to state who is to be summoned.

"Earl Rogers and his Los Angeles men can't put this thing over on San Francisco," Rogers knows the law and knows just how far he can go. My advice to him is to keep within the law," declared Chief of Police Seymour, following a conference with Attorney Rogers today.

Seymour made this statement in the presence of several newspaper men, betokening an evident storm during the conference. Later the chief said he ordered Rogers to submit to him the names of the San Franciscans whom the Los Angeles grand jury desired to have subpoenaed in connection with the Times dynamiting.

"I don't intend to stand by and see Los Angeles investigators run wild here," Seymour continued. "Rogers is a lawyer and he knows well that I want what constitutes sufficient evidence to cause an indictment. He must act according to law. I won't stand for anything else."

Seymour was visibly perturbed. Becoming calmer he said: "I have instructed Rogers to deliver the subpoenas to me. I will have the men against whom they are directed in my office to hear them read. Personally I am willing to go to Los Angeles as Rogers asks, but I have nothing to tell the grand jury that I have not told the investigators already."

The dispute between Rogers and Seymour has revived reports that prominent laborers will be subpoenaed. Among those appearing in the conference with Seymour today were Mrs. Ingersoll, who is alleged to know the men suspected of the dynamiting, Antoine Johansen, state labor organizer, Olaf Tvetmoe and others. Subpoenas summoning witnesses for the special grand jury in Los Angeles, investigating the Times disaster, will be given to Chief of Police Seymour this afternoon. They will be served by San Francisco officers.

RUMORED THAT THREE TIMES

SUSPECTS CAUGHT IN MEXICO
LOS ANGELES, Oct. 26.—The report was received this morning that three men suspected of the Times dynamiting, had been arrested at Acapulco, Mexico. It was known that three suspects were aboard a liner bound down the Mexican coast and it was also predicted that they would be arrested today.

As the report this morning came via Naco, Ariz., the authorities discredit the rumor because it is not believed that the news would reach Naco before Los Angeles.

Gale Stopped Meet Today

BELMONT PARK, N. Y., Oct. 26.—A forty mile gale swept the international aviation field today. Despite the announcement that the flights were postponed unless the wind abated thousands of people gathered and waited for the aviators to appear. Glenn H. Curtiss arrived on the field early, intent on exhibiting a new racer with which he expects to enter the international speed trials next Saturday. He declared he would try to fly despite the gale.

Few aviators braved the gale today and all scheduled events in the international aviation meet were postponed. The Wrights refused to permit Walter Brookins to ascend in the gale to attempt to win the \$10,000 prize flight around the Statue of Liberty.

AMERICAN HEIGHT RECORD WAS BROKEN YESTERDAY

Yesterday, regardless of lowering thunder clouds, Ralph Johnstone, the Wright aviator, established a new American aeroplane height record by soaring to the dizzy altitude of 7303 feet, where he encountered a raging snowstorm. When he alighted an hour and fifteen minutes later there were still icicles on his goggles.

Count Jacques Delesseps, in his Bleriot monoplane, fighting for supremacy with Arch Hoxsey, another Wright flyer, winged his way beyond the black thunder clouds at an altitude of 6931 feet.

During the last hour of the day's program James Radley, the English champion, in his speedy Bleriot monoplane, flew from Belmont Park to a point beyond the Meadowbrook Hunt Club and return, twenty miles, at the rate of more than a mile a minute.

John B. Moissant was second in this contest. Others flying in the speed contest were J. Armstrong Drexel and J. A. D. McCurdy, the Canadian.

LAWYER THOMPSON AND WIFE ARRESTED

Each Held for Receiving Stolen Mail From Orlando F. Altorre

LOS ANGELES, Oct. 26.—The arrest yesterday of Fred H. Thompson and Mrs. Etta M. Thompson, his wife, on bench warrants from the U. S. District Court, charging them with receiving stolen mail from Orlando F. Altorre, revives interest in a sensational post office robbery on June 7, 1909, when \$30,000 consigned to the Bank of Bixbee by the First National Bank of this city, was stolen. Half the amount was later found behind a safe.

Altorre, a post office clerk, was later suspected and arrested and after a lengthy trial for perjury in obtaining his position, was convicted and sentenced to two years in the Leavenworth Federal prison. Altorre then confessed the theft after his conviction and implicated Thompson and his wife. Thompson was Altorre's attorney. Yesterday Altorre confessed to his theft before a grand jury and was sentenced to one year and a day in the Federal prison, the sentence to run concurrently with his perjury sentence. He is afraid of Thompson and pleading to be taken to prison at once, was taken away today.

LABOR WANTS ELECTION DAY

Leaders in Pennsylvania Order Labor to Take Holiday and Vote Labor Ticket

Employers Declare They Will Not Grant Time—Big Strike May Result

WILKESBARRE, Pa., Oct. 26.—The State Federation of Labor has called a general strike for election day, and has issued a proclamation asking that all laborers, both union and non-union, make the day a holiday so as to permit all to go to the polls. The proclamation says:

"Political affairs in Pennsylvania are a disgrace to twentieth century civilization. The black flag is hoisted on the ramparts by the money lords. Their further triumph means the destruction of popular liberty. Our plain duty is to maintain the principles of democracy. To make this possible, all workingmen should gather at the polls in an orderly manner and elect the labor candidates for state offices and congress."

The effect of the labor strike ordered for election day is problematical. Many employers declare they will not grant a holiday and will discharge all men not reporting for work. The labor leaders threaten a continuation of the strike unless the employers agree to grant a holiday. The strike order was signed by all the state labor officials.

Meeting Here at 8 O'clock, Other Meetings in the County Given Up

Automobile Parade Starts at 7 O'clock—Demonstration Arranged

The only Johnson meeting that will be held in this county tomorrow is the 8 o'clock meeting at Spurgeon's Hall, Santa Ana. The meetings at Fullerton, Anaheim and Orange have been called off. Owing to the strenuousness of the campaign, Hiram W. Johnson, the candidate for governor, has become much fatigued, and it was concluded to hold no day meetings, but to continue with the schedule of evening meetings.

The demonstrations at other points will be made up in point of enthusiasm by the added zest that will be given the demonstration at Santa Ana.

Between forty and fifty automobiles will gather on Broadway just south of Fourth street. The parade will move on Second street east to Main, then south on Main to First, east to French, north to Twentieth, west to Broadway, south on Broadway to Tenth, east on Tenth to Bush, North on Bush to Seventeenth, west on Seventeenth to Main, south on Main to Fourth, east on Fourth to railroad, counter on Fourth to Ross, counter on Fourth from Ross to Spurgeon's Hall.

Drivers of machines have been requested to keep a distance of thirty feet between machines. A drum corps will accompany the parade. There will be no use of noise and cheers.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has nervous distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and derangements that should have been cured at an earlier date. Not all of these symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement as this. It is a woman's remedy, and is especially adapted to the treatment of all the ailments which enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath. In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult by letter free. All correspondence is held as strictly private and sacredly confidential. Address World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y. Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

THE TRUE TEST

Tried in Santa Ana, It Has Stood the Test

—The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Santa Ana. Kidney sufferers can hardly ask for stronger proof than the following:

William Thursby, 417 East Walnut street, Santa Ana, Cal., says: "Off and on for years I was bothered by my back and kidneys. To stoop or walk a little distance made the dull, heavy ache in my back more severe and my rest was badly broken. Further evidence of fault with my kidneys was shown by a heavy sediment in the kidney secretions. Reading about Doan's Kidney Pills, I got a box and soon after I commenced their use, I noticed an improvement. My back became strong and free from pain and the difficulty with the kidney secretions was corrected. Doan's Kidney Pills are worthy of endorsement." (Statement given March 8, 1907.)

Work That Tells

On August 16, 1909, Mr. Thursby was interviewed and he said: "I have not changed my opinion of Doan's Kidney Pills since I recommended them over two years ago. The cure they effected has been permanent."

BAD STOMACHS PUT IN ORDER

No Indigestion, Gas, Heartburn or Dyspepsia Five Minutes Later

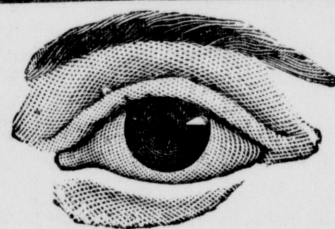

—If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

AMUSEMENTS

"How Does 'Doc' Do It?"

With the reputation of always giving the most of the best for the least, Manager Roberts of the Temple Theater, the man who made moving pictures possible in Santa Ana. (Prior to his coming we had a picture show once or twice a month, in a hole, at 25 cents admission, in a little stuffy, ill-ventilated store room. Doc has changed all of this, being the first one who was willing to chance the investment that would give our people an entertainment, with surroundings safe and comfortable), is still working along those lines, and since his winter opening (last Saturday) has given his patrons a show so big, so good, that everyone comes out saying, "How can Doc do it?" Result: Packed houses, people standing, waiting and turned away. You will never see a better show than the one on tonight. It is perfectly balanced and of such a variety that the patron most particular is fully satisfied. Take the program right through, and no one could ask for more. "Unconscious Heroism," a Pache war drama, is of the best. Verona Duo, with the Carose of the West, in Italian opera selections, are called time and again. Mr. Hampton Del Ruth and company in a one act drama, "The Medler," receive many curtain calls. Prof. Murphy's dogs are the best in their line. The Examination Day, a Biograph comedy picture, one long laugh. Mr. Ned Terwilliger, in "Any Little Girl," receives encore after encore, and Prof. and Madame Andrist, in overtures and accompaniment, could not be better. There you have it, a one hour and a half show, and tonight is your last chance to see it at the Temple.

Music lovers of Santa Ana are to be given a treat next Saturday afternoon and evening, when the Long Beach Municipal Band, composed of about thirty highly trained musicians, visits the city.

The concerts to be given here in

E. H. Willey, Director of the Long Beach Municipal Band

augurate the third annual tour of the organization, the one of last year being highly successful both financially and artistically.

The Long Beach band has been organized more than two years, and in that time, under the able leadership of Director Willey, the band of musicians, each an artist on his own particular instrument, have been so welded together under the baton of the leader that their ensemble playing has been highly praised by hundreds of Eastern critics who have from time to time listened to their playing in Long Beach and elsewhere. A feature of the concert Saturday will be the playing of Don Ellis, baritone soloist, whose pure, limpid tones, from the king of all brass instruments, has won him almost a national reputation and is the envy of every musician who has heard him play. The solos of Mr. Ellis are always a feature of the concerts in Long Beach and the mere mention of his name on the program there always warrants a crowded house. G. Coloneus, a cornetist with a reputation second to none in the West, is another feature of the program for Saturday, and a treat is in store for lovers of the soprano instrument, as for those who prefer the baritone.

The concert in the afternoon will be given for the benefit of the school children and their teachers. All these will be admitted free and the program has been selected with care, that the little ones may enjoy the music as well as their elders in the evening, when the heavier music, combined with the lighter or more popular kind, will make up an evening's entertainment that is well worth hearing. Both concerts will be given in the Grand Opera House.

Carino Verdugo Makes a Sale For His Landlady Without Her Knowledge

Carino Verdugo, who has been living at Orange, sold a cow that belonged to his landlady, Mrs. Martina Marquez, pocketed the \$20 proceeds and "vamosed." Verdugo had been living at the Marquez house for several weeks.

Last week while Mrs. Marquez was away from home, two cow buyers stopped at the house. These men were Samuel Bohn, who lives at Delhi, and Samuel Jasper. They asked Verdugo if he was the man of the house, and he answered that he was. Bohn then offered Verdugo \$20 for the cow that grazed upon the lot. Verdugo accepted the offer, and Bohn took the cow. Yesterday City Marshal Jernigan and Constable Smithwick located the cow at Bohn's place.

This morning Mrs. Marquez swore to a complaint in Justice Smithwick's court charging Verdugo with grand larceny.

PRINCIPLE LIVES FOREVER

The death of Senator Dolliver removes from the ranks of the Insurgents in Congress the most conspicuous of their leaders. Without regard to party preferences, the Nation always feels, when such a man as Senator Dolliver is stricken down, that it is a national loss. And such it is, at least on its face. We cannot see into the future, and know not what others may be brought to the front by the removal of a national leader. To all appearances his place must remain unsupplied, and hence the sense of loss.

In one sense this is true, for the country cannot be expected to duplicate its great men. There has been but one Daniel Webster, but he fulfilled his mission when he effectually concentrated public thought on the one principle of the integrity of the National Union. There has been but one Lincoln, but he fulfilled his mission when he actualized the principle which Webster established as a legal proposition. And so it may be said of many others to whom this country owes much, but it has always happened that as they passed out of the national life there were others who came forward to take their places and carry forward the work from the point where they laid it down.

Of course Senator Dolliver cannot be reckoned as a Webster or a Lincoln, but the principle in the case is the same. Behind a leader there may be one who is better prepared to carry his work on from a given point in its progress than he himself, but his ability in this regard cannot be known until an opportunity is given for his exercise. So it will doubtless prove in the present case. The fight for clean government is bringing the best men to the front, and among ninety millions of Americans there are enough of them to lead the fight in the United States Senate.

Speaking of the work that was done by Webster and Lincoln, that in which Dolliver was a leader is as important as theirs. The preservation of the Nation was no more important than cleansing it from corruption. To build up a vast power like that of the United States and then turn it over to be manipulated by rascals is as bad as to divide it up into a multitude of warring States. But neither will be done. Its national integrity will be preserved and it will be kept for the benefit of the people and not for private interests and corrupt politicians.

This is the work in which Dolliver was engaged, and it will go on, no matter who lives or dies. The time will come when Roosevelt also must go, but there will be others to fill up the ranks and carry the battle to final victory. The old motto, "The Union it must and SHALL be preserved," having served its purpose, there has now been formulated another "like unto it," which reads, "The Union—it must and SHALL be cleansed."

ELECT JUDGE JAMES

An article elsewhere in this paper calls attention to an important office to be filled at the election on Nov. 8, namely, the office of "Associate Justice of the District Court of Appeal for the Unexpired Term." This is the office for which Judge W. P. James, incumbent, is a candidate, with Judge N. P. Conrey, of the Los Angeles Superior Court, as a competitor. Both candidates are running as Independents, though both are Republicans. If you vote your party ticket straight, whether it be the Republican ticket or the Democratic ticket, or any other ticket, you will not have voted for "Associate Justice of the District Court of Appeal for the Unexpired Term" until you have stamped a cross opposite the name of either Judge James or Judge Conrey in the Independent column.

Without the slightest reflection upon Judge Conrey, the Register favors the election of Judge James and advises its readers to vote for him.

Judge James is an able jurist and an upright man. In these respects he is at least the peer of his competitor. He is a broadly learned man, and has demonstrated on the bench a high order of temperamental qualification for judicial position. His integrity is of an elemental and fundamental nature. All of which may be said without the slightest reflection upon Judge Conrey, and indeed it is not said in a comparative way at all.

But this is true, that Judge Conrey holds the important office of Superior Court Judge and the term of his incumbency does not expire until more than four years hence; while Judge James, if he fails of election, will be removed from the bench and the state will be deprived of his valuable services.

While he is a man of mature years and judgment, Judge James is young enough, being physically very vigorous, to give strong assurance of many years of splendid public service, and the Register believes he should be retained in the position he has so signally honored. Meanwhile Judge Conrey's services would be retained in the position of trust and honor to which he has done so much credit.

Aside from this point of view it seems to the Register a simple matter of a "square deal" politically. Upon the death of Justice Taggart, Judge James resigned from the Superior court bench, at the earnest solicitation of the leading lawyers of Southern California, to accept appointment to his present position, with the natural expectation, based upon strong assurances of support, that he would be elected to succeed himself after filling out the unexpired term.

The Register, therefore, not only feels that it is politically the right thing to do to elect Judge James, but as already stated this paper believes it is the right thing to do in the interest of the whole public service.

JOHNSON A "FANATIC"

Typical of the arguments which have been used in an endeavor to weaken Hiram W. Johnson with the electorate of the state is the charge hurled at him by the corrupt press of the state to the effect that he is a fanatic. Also typical of the manner in which Johnson has met and turned the shafts of his opponents against themselves is his reply:

"Our enemies charge me with being a fanatic on the great issue of eliminating the Southern Pacific political bureau from control of the government of California," he says. "If it is fanaticism to oppose the looting and debauching of the state by corrupt influences; if it is fanaticism to resent the control of the government by William F. Herrin and the Southern Pacific political bureau; if it is fanaticism to fight with all one's energy to take this government away from the men who have disgraced and shamed it, and make it responsive to the people to whom it belongs, I am a fanatic, and accept the characterization with no small degree of pride.

"We have no warfare on any honestly vested interest and we do not desire to affect in any manner any corporate rights or property that have been honestly acquired; our warfare is unceasing and unrelenting upon successful dishonesty alone. We recognize the necessity in our development for business corporations to transact with facility the business of the land, and we would foster, protect and conserve corporate rights and property the same as we would foster, protect and conserve human rights and human liberty. We say to the Southern Pacific Railroad: You may run your business just as you see fit legitimately and within the law; you may carry on your commercial enterprise just as you see fit, legitimately and within the law; but you have to keep your dirty hands off our politics and get out of our government or we will kick you out."

JUDGE W. P. JAMES

THE CANDIDACY OF
JUDGE W. P. JAMES

At this election the column headed "Independent Nominations" should not be overlooked by the voter. Even though a full party ticket be voted, that is if the voter votes for each candidate in his party column and there stops, he will not have cast a ballot for one office and an important one, too. The office is designated on the ballot as "Associate Justice of the District Court of Appeals, for the Unexpired Term." It is found immediately under the heading indicated. Associate Justice William P. James of that court is a candidate to succeed himself and his name appears as the second on the ballot under the independent heading.

There is no party candidate for this office. The reason for this situation is this: Justice Taggart of the Court of Appeals died this year and Judge James, then and for a long time prior thereto a judge of the Superior court of Los Angeles county, was appointed to succeed Judge Taggart. Judge James was at that time a candidate for the Supreme Court Justiceship. The primary election was approaching and the campaign was about closed. A large delegation of lawyers and well known citizens of Los Angeles urged Judge James to accept the appointment to fill the vacancy, and with some reluctance he consented, resigning his position on the Superior bench, where his term extended for two more years, and withdrew as a candidate for the Supreme court. It was not then thought that an election would be held on the office this year, but the law appeared to be in an uncertain state regarding the appointive term, and to save all question it was included in the election proclamation.

It was too late for the parties to make a nomination at the primary election and the result was that no party nominations were made. Judge James proceeded by independent petition to secure a place on the ballot. Nearly the entire Bar joined in signing his petition irrespective of politics or factions, and the petition, when filed with the Secretary of State, contained 5500 names. A representative committee has issued a statement to the voters regarding this office and urging that Judge James be returned to the office which he accepted at a great sacrifice to himself. Only one candidate is opposed to Judge James, to-wit, Judge Conrey of the Superior court of Los Angeles county, who has a term of more than four years on the Superior bench to serve.

Explanation of the
Taxation Amendment

The question has been raised why under the constitutional amendment No. 1, to be voted on at the coming election, the rates of taxation to be placed on the gross earnings of corporations are not the same for all.

An answer to this is supplied by the Associated Realty Boards of California, through their campaign committee, as follows:

"Why is it that railroads are to pay four per cent, power companies four per cent, telephone companies and telegraph companies three and one-half per cent, car companies three per cent and express companies two per cent? Why not all four per cent or two per cent? It is said that some people voted against the old amendment because they thought that this was unequal. As a matter of fact, the rates have to be uniform in order to be equal in proportion to the property used by the different classes of corporations. It is easy enough to see that the express companies use very much less property than do the railroads. So little do they use that the total taxes that they pay under the present system

of taxation is only \$15,000, while at two per cent of their gross receipts they will pay over \$90,000.

"The new taxes are to be in proportion to the gross earnings, because it has been found that these taxes are simpler and easier to administer than any others. The problem, therefore, was to find what per cent of the gross earnings would be equal to one per cent on the true value of the property (not, of course, of the assessed value, which is anywhere from twenty-five to eighty per cent of the true value) is very close to the average taxes paid by property throughout the state. To solve this problem we have first to ascertain what proportion of the gross receipts are net. It is a fact that in each of the different lines of corporate industry there is a fairly definite ratio of net gross earnings.

Thus, in the case of the railroads, about one-third of all their receipts are net, while in the case of express companies only about one-sixth is net. So, if four per cent is a fair rate on railroads, then two per cent would be fair for the express companies."

The Effect of Adopting
Amendment Number One

The Associated Realty Boards of California have, through their campaign committee, issued the following as a summary of the effects that will follow the adoption of constitutional amendment No. 1, by the voters at the coming state election.

1. Compel the annual payment by public service corporations of \$3,500,000 more in taxes than they have paid heretofore, thereby saving that

amount to other taxpayers.

2. End inequalities between counties as to state taxes.

3. Make the burden of taxes on all kinds of property equal, relieving real estate of its present unjust proportion.

4. Substitute a mathematical rule (percentage of gross receipts) for the exercise of judicial discretion (as fixing valuations) by assessors. This

will give certainty and will insure against political corruption.

Corporations will have to pay a just share of taxes because their property will be taxed as a unit, not in sections by various assessors, or hit-or-miss by one assessor. Their taxes will be based on their gross receipts, an unfailing indication of true tax-paying ability.

Counties will be free from the jurisdiction of the State Board of Equalization because the state will not derive its revenue from the general properties and will not care how that property is assessed. Every county will stand alone, conducting its own taxation, and inequalities can no longer exist.

The burden of taxes on all kinds of property will be made equal because a tax on gross receipts is sure to be a tax on all property, real and personal, which contributes to the production of those gross receipts.

The important question is: Will the new system reduce or increase the taxes of the average taxpayer? The answer is found in the figures carefully compiled by the state commission on revenue and taxation, to show the effect the amendment would have had had it been in effect in 1909. Taking the state as a whole the tax rate of the average taxpayer would have been that year reduced about 17 cents per hundred dollars. Solano county would have been saved in taxes \$30,519 and the same amount as was raised for local purposes in 1909 could have been raised with a total rate of 15.4 cents per one hundred dollars lower than the total rate for that year. These figures are taken from the last report of the state commission on revenue and taxation, a copy of which can be secured by any one, by addressing the secretary of the commission, No. 2308 Warring street, Berkeley, Cal.

Every voter, especially every taxpayer, ought to give careful thought to amendment No. 1 and ought to vote for it. It is one of the most

NO MORE DANDRUFF

Rowley Drug Co. Sells the Remedy That is Guaranteed to Kill All Dandruff Germs

—Of course you and every intelligent reader of the Register knows that dandruff is caused by a germ.

Dr. Sagerlund, the great French physician, proved this beyond a doubt.

In order to rid your scalp of filthy dandruff you must kill the germ. There is a hair dressing called Parisian Sage which is now sold in every town in America, that is guaranteed to eradicate dandruff, stop falling hair, splitting hair and scalp itch in two weeks, or money back.

If you have dandruff get a large 50 cent bottle today and rid yourself of it. Remember that if dandruff germs are not destroyed in time, the hair will surely fall out and baldness will follow.

Here's proof of what Parisian Sage has done; it will do more. It is the finest hair grower and hair dressing in the world, and people who use it regularly will never grow bald. Mrs. John Stoner, Evansville, Ind., writes on June 2, 1910:

"I used Parisian Sage and found it very successful; it removes dandruff and gives the hair life. I only used two bottles. I know it is a cure for dandruff."

Large bottles 50 cents at Rowley Drug Co., and druggists everywhere. The girl with the Auburn hair is on every carton.

FIRE IN FULLERTON FIELD DAMAGED WELLS AND RIGS LOSS ESTIMATED AT \$60,000

FULLERTON, Oct. 25.—The entire Fullerton oil district was menaced shortly after 9 o'clock this morning by a fierce fire, following a terrific explosion in well No. 63 of the Santa Fe lease. Men were at work on the drilling rigs when, without warning, a pocket of gas, which was struck at a depth of 2400 feet, blew out with a deafening roar. The shaft immediately burst out in flames and the gang of drillers on the workings were forced to flee for their lives. As soon as the fire reached the surface and blew out, the flames spread to

Bad Breath

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles."—Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

the other wells of the Santa Fe lease, Nos. 32 and 36, as the flow of gas and oil furnished fuel for the raging fire.

The fire at once caught the oil-soaked timbers and surrounding apparatus, was communicated to the rigs of Nos. 32 and 36, two pumping wells of the same company, and within thirty minutes the three outfits were entirely destroyed. The machinery and attached piping of the two wells that were pumping were rendered entirely useless.

As soon as the alarm was sounded 1500 men working in the vicinity of the lease rushed to the scene of the fire, and for several hours worked heroically to keep the blaze from spreading to other workings in the Fullerton field.

The scene of today's fire was about a mile above the Santa Fe spur track at Olinda. Other companies' wells were being produced, having taken two years of work to bring them to that point. The connecting pipe lines were destroyed and it will be some time before the Santa Fe will be able to resume operations on the tract and pipe oil to its shops at San Bernardino.

Oil men of experience reckon the loss at fully \$60,000. Ben McKinley,

the driller, and his men were working at No. 63 when the explosion occurred, and were extremely lucky to escape.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by

THE MARKETS

DAILY CITRUS REPORT OF EASTERN MARKET

NEW YORK, Oct. 25.—The Porto Rican season is well under way and from now on will be a serious competitor to California. While the fancy trade will absorb a certain amount of extra fancy Valencias at top prices, a great many buyers who were forced to buy California Valencias or take nothing to fill immediate urgent orders, will now buy the cheaper Porto Ricos, Florida, Jamaicas and Mexicans in preference. The condition of the Porto Ricos was generally good.

LOS ANGELES PRODUCE MARKET

Highland potatoes have practically crowded all other varieties off the market by the low prices at which they are selling. The wholesale figure on them was reduced to \$1.15 yesterday, and among the jobbers they sold from 10 to 25 cents less per hundred. At these ridiculously low figures the growers in other sections of the state have been forced to leave go of the Los Angeles market. They cannot compete. This is true of the Salinas, of the Lompoc and other districts which at this season of the year are usually beginning to ship heavy consignments of their stock. Reports from the north say that there is at present little other outlet for spuds than Southern California and for that reason they have been pouring in here at an average rate of ten cars and more a day. Yesterday with one exception to this rule since only 540 sacks were received. The demand was not heavy owing to the even distribution of stock which has been coming in during the past month. Nearly every dealer has a two to four-week supply on hand at the present time and receipts might be cut out entirely for some time without effecting a complete clean-up.

Egg receipts were 68 cases. The demand was good for eastern varieties. Fresh stock from the east brought less than the extra select storage stock, which moved at 35 cents while the former was only 32 cents. Coast eggs were plentiful and moved at 38 cents. Ladle butter was in special call. The trading price was 25½ cents a pound. Other varieties moved rather slowly. The call on storage stock is not as yet an instant one. Arrivals were 36,482 pounds.

Cheese receipts were 1397 pounds. The demand was better than for several days past and the best sellers of the day were northern full creams, both fresh and storage, Eastern Twins and Oregon Daisies.

Onion receipts were 963 sacks or three cars. The call was for Yellow Danvers principally. Prices were weak and a decline in quotations was registered.

Pink beans were down another 25 cents. The demand for them at that figure was light. There were no changes in quotations on any of the other varieties and no receipts were reported.

Sweet potato arrivals were 307 sacks. The demand was good but quotations lagged nevertheless and on the street it was easy to buy sweets at \$1.25.

Ben Davis apples were one of the late varieties offered at an extremely low figure, \$1 per box on 4-tier stock. Arkansas Blacks are among the recent arrivals also. They are averaging \$1.75 on account of their beautiful appearance. Receipts of apples were 16,943 boxes.

HORSE STRUCK AUTOMOBILE

J. W. Morrison Laid up With
Sprained Ankle as Result
of Runaway

Orange News; J. W. Morrison suffered a sprained ankle, Chester Stains was bruised and shaken, and an automobile belonging to Alfred Leach was damaged in a runaway accident which occurred on North Glassell street, near the High School last evening.

Mr. Morrison and Mr. Stains were driving in a delivery wagon when their horse became frightened at a sign board near Walnut avenue. A fine broke and the animal, beyond the driver's control, dashed down Glassell street. The Leach machine stood in front of the High School awaiting the close of school, when Mr. Leach intended to take his children home. His youngest daughter sat in the car. The horse collided with the automobile, spilling the occupants of the wagon on either side of the automobile, and wrecking both wagon and automobile.

A special low price on second hand sewing machines from \$1 up. We can show you the best value in sewing machines in Southern California. Do not buy until you have looked over our stock.

Mr. Morrison's injuries were the most severe, and he is today confined to his home with a sprained ankle. The automobile was taken to the Lush garage, where it is estimated the damage will amount to \$50. The little girl in the automobile was unhurt.

Mr. Perry V. Grout, superintendent at the Santiago Association packing house, is nursing a pair of badly burned hands, as a result of an accident at the packing house early Sat. morning. Mr. Grout was starting a fire in the furnace when some gas which had accumulated in the starting apparatus, on account of the dampers being closed, exploded prematurely, and forced the flames suddenly back against him, burning his hands before he could get out of the way. They were dressed as soon as possible but will occasion Mr. Grout some discomfort, although he is attending to his duties as usual.

W. C. T. U. WOMEN AID TIMES SUFFERERS

Also Discussed Sunday School
Temperance at Meeting
Held Yesterday

One of the best and most interesting W.C.T.U. meetings of the year was held yesterday afternoon at the home of Mrs. Will Blee, 115 Orange avenue. Fifty ladies were present and enjoyed the splendid program prepared by the committee, Mrs. J. H. Scott, Miss Sarah Finley and Mrs. Blee. The subject was "Sunday School Temperance."

Mrs. Walter Tedford led the devotional service, a number joining in prayer. Mrs. Lee, who is doing missionary work, sang very sweetly, playing on an autoharp as an accompaniment. Mrs. Scott, who presided during the rendering of the program, called for reports from each of the churches, as to the way they had conducted temperance work. Mrs. Stroup and Mrs. W. T. Mitchell reported for the Christian church. Miss Finley reported for Mrs. Jones from the M. E. church, South; Mrs. Norman for the First Presbyterian, Mrs. Burns for the First Methodist, Mrs. Tedford for the Congregationalist, Miss Finley for the United Presbyterian, Mrs. Thursby for the Reformed Presbyterian, Mrs. Scott for the Immanuel Baptist. Mrs. Blee read a splendid report by Mr. Newman from the First Baptist church, and Miss Kerl gave a very encouraging report from the Japanese mission. All reported good work done on Anti-narcotics and Temperance Sundays, good addresses being given.

Mrs. Goodwin gave an excellent reading on results of "treating," giving the sad story in a beautiful way. Mrs. Burns favored the union with a song, "Just a Little Bow of Ribbon White." The committee had passed out leaflets on which were twenty-

five questions on temperance, and these were answered. "What definite dangers make temperance teaching necessary?" was answered by Mrs. Leonard. "How Does the Bible Teach Temperance?" was answered by Mrs. Will Blee. "What style of temperance teaching is most effective with boys or most strongly influences girls?" was discussed by a number of the members.

Miss Rosaline Kellogg recited an original poem, entitled, "Have I Done My Best." The four little children of Mrs. Clay Kellogg sang a song, composed for the occasion, entitled, "Let Us All Be Busy Working King Alcohol to Down." They responded to an encore and sang "Temperance Bells," using a long strand of bells as an accompaniment.

Mrs. Mason read the minutes of the last meeting, then handed in her resignation as secretary, on account of having to be away from the city so often. The resignation was accepted with many regrets. Mrs. Anna Gale, the assistant secretary, was elected secretary.

The committees on the teachers' banquet reported progress and that the indications are good for a very successful banquet. A Treatment That Costs Nothing If It Fails

—We want you to try three large bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy, and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50c and \$1.00. HE FOLLOWED GIRL IS UNDER ARREST

Mexican is Accused by the 10-year-old Daughter of Frank Ocampo

H. Jimenez, a cholo beet topper, was taken to the county jail yesterday on a charge of disturbing the peace. The charge might have been more serious had not the little 10-year-old daughter of Frank Ocampo, the fish peddler, had presence of mind enough to seek help at the first opportunity.

The girl was walking along the street when Jimenez, somewhat intoxicated, began following her. The girl tried to get away, but the man kept close to her. Finally the girl ran to Jones' fruit stand at 518 East Fourth street, where she stated that the man was following her.

Constable Smitnick was notified and the man was watched. He was arrested as he was waiting to take a Newport car. The girl identified him.
